

## About this course

Did you know that your MSP qualification does not last forever? It is limited to five years.

In order to retain your qualification you need to sit a re-registration exam. All certified Practitioners/Advanced Practitioners have the opportunity to take the Re-registration examination in order to demonstrate their commitment to professional development.

This is particularly important as there are regular updates to the MSP Guide, and the re-registration examination ensures that you are up-to-date with best practice programme management.

## Who is it for

If you have the Practitioner or Advanced MSP Practitioner certificate and it is over 3 years old.

## Benefits

By taking the Re-registration examination:

- you keep your understanding of the MSP framework current.
- you are able to demonstrate to employers and prospective employers the currency of your knowledge and commitment to Continuing Professional Development.

## Features

This three-day workshop takes you through a refresh and recall of your MSP understanding, building your confidence and mastery in the framework.

Your facilitator will highlight for you:

- any recent changes in the method
- any changes in the examinations syllabus

You will have the opportunity to practice on sample papers.

## Testimonials

*I've been through the qualification cycles over many years and pearcemayfield gave me the best quality experience I've had. The tutor's approach to embedding knowledge worked superbly well alongside the very professional standard material. Communication and venue were great and a sensible class size meant that we could make the most of the tutor's experience and expertise. □ Their expertise is what brought the manual to life and made it a totally engaging experience. ## Pre-event preparation

Pre-event study material and the latest MSP manual will be sent to you. Any preparation you can do beforehand using this material will benefit you on the workshop.

## What is included

You'll receive:

- The latest edition of the MSP manual
- Access to the latest pearcemayfield Practitioner - level courseware
- Refresher of the method, including: Overview, Principles, Themes and Processes
- Briefing on the Re-Registration exam system and philosophy
- Access to a mock Re-Registration paper
- Coaching from an experienced MSP training consultant

Pre-course work and evening work during the course also form an important part of this learning programme.

## Examinations

The format of the Practitioner Re-registration exam is: 3 questions, with a scenario background and appendices.

- Each of the 3 questions is worth 10 marks
- An overall score of 15 out of a possible 30 is required to pass
- One hour 15 minutes duration
- Open-book examination (the MSP guide)

Simple! Then your qualification will last another 5 years! We've designed this workshop experience to take you from your current level of experience and recall of the method to re-registration readiness in three days. We work with you in a workshop format that builds on where you are and is flexible enough to explore individual and group questions.
